

Stay Safe. Stay with us.

We enjoy our business and enjoy our guests even more. While we may not be able to be as close as we're used to being, we want you to know we're here for you.

For your health and safety,

- We'll greet you when you arrive, while wearing a mask!
- If you need assistance with your baggage, please ask as we'll refrain from helping without your permission. We'll handle your baggage while wearing gloves and masks.
- You'll enter the Inn from a designated Guest Entrance, which will be sanitized frequently.
- We'll point you to your room. The keys will be waiting inside the room.
- Your room and bedding is cleaned, disinfected and sanitized before you arrive and after you leave.
- We have several breakfast options that respect distancing and minimize our interaction with you:
 - Your own dedicated indoor dining area away from other guests. We will serve your complete breakfast at a designated time for you to sit and enjoy without your hosts interrupting you. If you need anything else, just holler; we'll be in the kitchen!
 - You can enjoy your breakfast outside (weather allowing).
 - We can deliver a breakfast basket for you to enjoy in your room.
 - You may request your room and refrigerator be stocked with continental breakfast items to enjoy during your stay without our disturbing you at any time.
- If you are staying more than one day, we'll replenish towels, bedding and supplies upon request.
- **New York State requests that we inform out-of- state travelers of its COVID -19 Travel Advisory and quarantine requirements for those entering New York from a designated restricted state. <https://coronavirus.health.ny.gov/covid-19-travel-advisory>**
